### School Circular 2020-2021

Dear Parents/Guardians,

Cordial Greetings from St. Teresa's Mansarovar,

We are facing a global health crisis unlike any in the history of the mankind -one that is killing people, spreading human suffering, and upending people's lives. But this is much more than a health crisis. It is a human, economic and social crisis. The coronavirus disease (COVID-19), which has been characterized as a pandemic by the World Health Organization (WHO), is attacking societies at their core. In order to curtail the spread of this deadly virus the Govt. of India has extended the date of nationwide lockdown till May 17, 2020.

Schools have to adjust quickly to the new realities brought on by the rising coronavirus pandemic pushing all normal operations in jeopardy. We pride ourselves on putting children first and always work to best associate with our parents and staff to deliver the utmost care and learning. Under these circumstances the most prudent option is to maintain social distance and we hope and pray that may God mercifully shower his blessings on the plight of these suffering millions.

#### **An Action Call by Teresian**

The COVID-19 outbreak has affected all segments of the population and is particularly detrimental to members of those social groups in the most vulnerable situations, continues to affect populations, including people living in poverty situations, older persons, persons with disabilities, youth, and indigenous peoples, As a part of family and the organization Teresian have tried best in their capacity to render their services for mankind and humanity by distributing food kits at Mother Teresa home, Pratap Nagar and to the all the police stations covering Mansarovar (Muhana Mandi, Shipra path, Varun path).

#### **An Appeal to the Parents and Staff**

During this Global crisis, our corona warriors are putting their family and their life at stake to protect the people from this life endangering pandemic. Since there is an acute shortage of the protective gear for those who are treating the people and helping the patients. Teresian management is requesting to all the parents and the Teachers to donate whatever amount you can support at this testing times of humanity in PM Relief Care Fund or Chief Minister COVID- 19 Relief fund.

#### **Noteworthy Points for your Kind Attention**

**Online classes:** We would like to extend our heart worthy thanks to all the parents and guardians for helping the school to adjust in new realities by switching over to E – Learning. Against the ruling odds, our teachers are trying to impart their lessons through online classes as well as assignments so that the students make productive use of their time at home and can have a definite study habit till such time, they are able to resume classes inside the school. Simultaneously, we are working on plans post the coveted home-coming. Parents are requested to kindly contact with the teachers on a regular basis to assess the learning of their ward. The online classes will continue till further notification issued by the Government of Rajasthan for the same.

**Language fluency:** Being a convent school, we dream to transform our children as Global Learner in lieu of this we request parents to kindly communicate with their children in English Language, which will be enhancing their fluency in the language.

**Syllabus and the Assessment:** The syllabus and the assessment timetable for the for Periodic Test – I will be formulated keeping in mind the prevailing scenario and the available working days for encompassing the students with joyful learning. The decisions in this regard will be taken according to the conditions supporting the resume of school after the lockdown.

**Uniform:** Dear parents, as this pandemic is an unforeseen crisis, the management of the school already works in advance for the upcoming session and had introduced new house /sports uniform for the session 2020-21. We request you to be cordial with the management in this decision, as the orders for the uniform were placed and are ready for sales. Hence you are requested to kindly purchase the new uniform as per the school guidelines after the lockdown being lifted.

### **Academic Curriculum Fees**

On the other hand, it is a well appreciated fact that for a private unaided institution, fees paid by the parents form an essential support. While we fully understand the pains of the restricting circumstances, we rely on the support of our parent fraternity in our anchored effort to continue, to meet our traditional high-quality standards of infrastructure, teaching and deliverables for our students as every year. At the same time of course, your School is sensitive to its role in trying to address the temporary financial hardships of all our stakeholders to the best of its ability.

Keeping in mind the financial situation of the parents due to COVID-19, the school management has decided **not to increase the school fees for the academic year 2020-21**. The fees will remain the same as that of last year (2019-20) for respective classes. The fee structure is given below for your reference. As a sign of unanimity with the suffering humanity, the management has decided to defer the payment of the first quarter fees (April, May and June) till the lockdown period is over. There is no compulsion to pay it right away. However, those parents who would like to pay the quarter fees right away may use the online option as per the details available on the school website through (Net banking / Debit card / Credit card, etc.) from 8<sup>th</sup> May. *Since the management has to pay the salary to the staff of the school during the lockdown period, we would urge all those who can pay the fees right now, please do so as it would lighten our financial burden.* The others will pay the first quarter fees once the lockdown period is over without any late fee charges.
